Dear Friend,

Did you know that there is a **SINGLE** factor that separates people who are successful in life from those who are failures? That component is how you harness your **PERSONAL POWER**.

People who use their power the right way will take their dreams and make them come true. They are fearless in their drive and will automatically take immediate, massive action and never give up until they are enjoying their dream lifestyle.

On the other hand, people who lack this power still have the same yearnings and desires as everyone else BUT they stay stuck and unfulfilled. They never make their dreams come true. Their lives are an endless series of “**What If?**” questions that torture them.

Many people feel powerless in their lives. They live forever at the whim of others – bosses they don’t like, banks and credit card companies and others holding them back. They never discover the secret to the incredible power that is hidden inside them.

For most people, harnessing this power is just a dream or a fantasy. But now, **YOU** can be on the way to achieving your dreams faster than you ever thought possible.

Take Control Of Your Life

“...an abundant life where I’m in control”

*“It has been fun, uplifting and inspiring. It has reignited belief in myself to utilize the power of the universe to achieve whatever I want in all areas of my life. I look forward with more belief and determination to enjoying living an abundant life where I’m in control.”*

Narelle Gordon, Cooranbong NSW

## A PROVEN Success System Anyone Can Use

I know it may sound incredible, but there’s a **PROVEN** success system that delivers everything your heart desires and automatically creates the life you really want.

Everything you ever wanted becoming reality.

I want you to understand just how close you are to your dreams right now, because in just a moment I’m going to reveal more about the amazing “**Science Of Success For The 21st Century**” that allows you to harness your inner power and immediately start to attract everything you desire at the speed of lightning.

With this **PROVEN** science of achievement, you can enjoy success in meeting new friends, developing rewarding relationships, finding a better job, becoming financially secure and creating the life you want.

And it all happens more easily than you thought possible.

# Introducing NLP – “The Science Of Success For The 21st Century” That Will Change Your Life Forever

The single most important key to living your dreams is using **your personal power**. No matter what your dream is, you make it a reality when you master this skill. You'll be able to **handle every challenge** along the way and you'll make things happen incredibly fast.

Let me warn you...you may be stunned when you realise just how high you can soar...

...and how you may have been held back in the past. When you are free of the prison of doubts, fears and self-limiting beliefs, you can have a **brand new life**.

**“Take control of your life today.”**

I leave with the most precious gift to move forward with the baggage removed and the tools to enjoy life in a happy, prosperous and generous way.

**Stefan Galamaga, Mount Richon WA**

**NLP – Neuro Linguistic Programming** - is the key that will turn the lock and release your personal power. In fact, it's the key to **UNLIMITED POWER** in your life. Think of **NLP** as the **OPERATING MANUAL** for your most important possession – **YOUR MIND**.

## That's Right!

Those six inches or so between your ears is the key to **EVERYTHING**.

The problem is that when you arrived on Planet Earth, nobody gave you the instruction manual for your mind!

As a result, unless you've been incredibly fortunate, you're probably not using your mind to its full power...

...and you're not achieving anywhere near what you're truly capable of.

**EVEN WORSE...**you may be holding yourself back...even sabotaging yourself without knowing it!

But it's **NOT YOUR FAULT**.

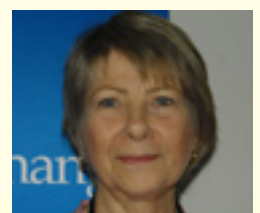

You simply haven't been given the information you need to take full control and take charge of your mind and your life once and for all.

That's all about to change...

**“Made me a better person..”**

The skills and techniques that I learnt in the Master Practitioner Training will be invaluable in my work both as a natural therapist and as a teacher. On a personal level and in my life within the family and community my communication skills can only improve as I implement the things I have learnt.

**Lorraine Parry, Buderim QLD**

## What You Discover Here Will Change Your Life Forever...and for the better in ways you may not even yet imagine

## Never Before Has It Been This Easy To Have The Power Of NLP For Yourself

If we procrastinate, we're delaying our dreams – maybe for a few years or maybe forever.

And when you delay your dreams...you miss out on life.

The ideal is to **live our dreams NOW before it's too late.**

It's important to **take some action each and every day**, no matter how big or how small in pursuit of our dreams. And the way that thousands of people just like you have done that is with the **NLP Certification Scholarship Training program.**

You might be reading this report and thinking that you'd like to make some changes in your life. But sometimes, even though you'd like a better job, to feel closer to your family or even just feel good about yourself, something stops you from taking action.

One of the characteristics of people who are confident in using their personal power is that they immediately **take action**. If you want to make your dreams reality, like so many before you have done, I want you to focus your attention on what you truly desire deep inside.

**Get a picture of what you want.** Make it vivid and focused and as real as possible. Because I'm about to reveal how to make your dreams come alive.

The **NLP Certification Scholarship Training** is PROVEN to work for anyone who is prepared to take action.

**PLUS...**you also get a **30 day action plan** to put the power of NLP to work for you straight away.

More about that later...

...but first allow me to tell you about Vicki from Sylvania in New South Wales.

## When Vicki Discovered NLP...

Vicki wanted to change her life...but she had doubts about the NLP Certification Scholarship Training.

You see, she'd been disappointed before by events where she thought she was going to get everything she needed...

...only to find that it was one long sales pitch and that she would have to invest thousands of dollars to discover the real inside secrets.

So she was sceptical. Very sceptical, in fact. Fortunately, she had the good sense to keep an open mind and not give up on her dreams.

**Vicki took action and attended the NLP Certification Scholarship Training and...**

### ...Her Life Changed Instantly, Forever!

#### In just a few short months, here's what happened for Vicki...

**Her family life and relationship** with her husband was transformed

**Her fitness and overall health and vitality** improved dramatically and she felt great!

**She found what makes her happy in life** and became inspired with a completely new outlook

**...PLUS** at the training she connected with dozens of like-minded individuals and built a network of friends that has enriched her life & supported her on the path to success.

So NLP works – even if you're sceptical (like Vicki was!)

How did Vicki achieve all this?

She **TRANSFORMED** herself by taking advantage of the **LIVE TRAINING** and coaching at the NLP Certification Scholarship Training.

You see, **NLP is a PRACTICAL SCIENCE...**

...and the best way to grasp its power is to **EXPERIENCE** it for yourself.

The best way to master the science of NLP is to **DO IT YOURSELF.**

If you could change your life by reading a self-help book you would have done it years ago. The answer isn't just another book or another fast-talking infomercial guru.

### "...an abundant life where I'm in control"

It is a beautiful experience. I have met so many wonderful people and that's what NLP is about, having a human experience, NLP helps us realize how much more we can be, through others.

**"The best part of the training for me was George Faddoul"**

*Now You May Be Wondering...*

## **How Much Is A 4 Day, Hands-On, Life Changing Training Worth To You?**

When you think about it, a training like this that unlocks your personal power to create whatever you want in life could **easily be worth \$5,000 or even \$10,000.**

And, in fact, pretty much anywhere else, that's what you'd have to invest for a NLP Certification level training. The **minimum you'd pay would be \$3,695...**

...and it's **well worth the investment.**

But you won't have to find anywhere near that amount to attend this **NLP Certification Scholarship Training.** Our philosophy is to give back so you have the opportunity to attend the certification training with a FULL scholarship and all you have to come up with is a **modest \$97 one-off fee** to help cover some of the administration costs of the training.

(And this only covers a fraction of the costs, as you'll see when I explain the incredible **EXTRA FREE GIFT BONUSES worth \$1,596.97** you will receive.)

*So, The Obvious Question Is...*

# Why Am I Giving You \$5,291.97 Worth Of Training

## Well, there are 3 reasons...

- ✓ **Firstly**, I am passionate about transforming lives by making this opportunity available to everyone. In the past it's only been available to people who were able to invest \$3,695 or more. I want to help thousands more to do the same.
- ✓ **Secondly**, I can appreciate the fact that you may be sceptical about NLP and whether it really lives up to the promises. My intention is to make NLP available to everyone with an irresistible offer so that even the most sceptical person would be crazy not to join us and find out what all the fuss is about.
- ✓ **Thirdly**, I confess, I want to get you "hooked". That's right, I'm taking the chance that you'll be amazed, thrilled and delighted by your experience at the NLP Certification Scholarship Training. I'm counting on you finding this training so valuable that you'll want to take advantage of our other training programs and that you'll want to be part of our community of success-minded individuals and as a raving fan let your friends and family know about us.
